International Conference on Sustainability, Waste Management, and Environment (ICSWME-2024)

The organizers cordially invite abstracts and full-length research/review papers from all over the world to participate in the **International Conference on Sustainability, Waste Management, and Environment 2024 (ICSWME-2024)**. This conference is aimed to invite researchers, academicians, scientists, designers, architects, managers, environmentalists, industrialists and activists of interest for submission including various subthemes, but are not limited to the conference aims. The aim of the ICSWME-2024 conference is to provide a forum for laying the foundations of sustainability in **Education, Technology, Engineering and Sciences, Humanities and Social Sciences and Business Administration**. To this end, the conference aims to attract participants with different backgrounds, foster cross-pollination between different research fields, and expose and discuss innovative theories, frameworks, methodologies, tools, and applications for sustainable development. **The ICSWME 2024 will be held on 20th December 2024. From 21st to 23rd December 2024 participants can enjoy tentative tours, including a Dubai city tour, desert safari, and Abu Dhabi.**

During the review period, papers will be reviewed by eminent academicians and scientists in the respective areas. The selected papers will be published in the **Journal of Environmental Education (Scopus and SSCI), Bulgarian Chemical Communications (Scopus) and Energy and Environment Focus (ESCI)** after peer review by the conference review and editorial committee and internal check by the journal's publisher. The decision of the journal would be considered final. All presented/submitted papers will be published in **Applied Sciences-DYSONA, CRC (Taylor and Francis) as indexed book or with DOI number chapter or in the International Journal of Research Publication and Reviews (IJRPR)**.
